

# No-Slip Wedge™

The No-Slip Wedge completes the ITI Patient Positioner Line by adding a highly reliable turning solution. The No-Slip Wedge is manufactured of Pressure Reducing, 1.85 pound density foam that is soft and comfortable, yet supportive enough to hold the torso in a turned position. A unique contour-cut pattern on the patient contact surface eliminates wrinkling of the foam as it conforms to the shape of the patient. The No-Slip Wedge is available individually or it can be packaged with other ITI products to create a Positioning Pack. The No-Slip Wedge is an ideal way to enhance your pressure management and turning protocols:

- Exceeds guidelines for the use of foam as a pressure reduction modality.
- Reliable way to maintain 30 degrees of lateral rotation.
- Contour cuts eliminate wrinkling while under the patient.
- Available in both disposable and reusable models.
- Manufactured of high-density, anti-microbial, hypo-allergenic and latex-free foam.
- Disposable version is available in bare foam or with a skin friendly, moisture proof polyurethane film cover.
- Reusable version is covered with a skin friendly, moisture proof friction and shear reducing cover with a panel of "No-Slip" fabric on the bottom.
- No-Slip fabric on the bottom of the reusable version prevents the wedge from migrating away from the patient.

# No-Slip Wedge™

## Specifications:

### **No-Slip Wedge Disposable:**

Manufactured of high-density, anti-microbial, hypoallergenic foam. The dimensions are 20"W x 11" Deep x 7" Tall. The No-Slip Wedge meets or exceeds the specifications in California Upholstery Provisions as stated in Technical Bulletin #117.

### **No-Slip Wedge Reusable:**

Manufactured of high-density, anti-microbial, hypoallergenic foam. The dimensions are 20" W x 11" Deep x 7" Tall. Upholstered with a moisture-proof, reusable, coated nylon fabric cover, which is friction and shear reducing. No-Slip fabric is used on the bottom to prevent migration away from the patient. The cover can be cleaned with standard cleaning procedures, using properly diluted solutions. The No-Slip Wedge meets or exceeds the specifications in California Upholstery Provisions as stated in Technical Bulletin #117.

*In this photo, the No-Slip Wedge is being used in conjunction with the HeelZup Cushion to provide a reliable 30 degree turn while maintaining heel suspension.*

## Ordering Information:

NSW-D	No-Slip Wedge, Disposable, Bare Foam
NSW-R	No-Slip Wedge, Reusable, Nylon Cover, No-Slip Bottom
NSW-DXL	No-Slip Wedge, Disposable Extra Long, (26" length), Bare Foam
NSW-RXL	No-Slip Wedge, Reusable Extra Long, (26" length), Nylon Cover, No-Slip Bottom

## Warranty:

This warranty applies only to defects in structure, workmanship and materials and only to damages arising from normal hospital usage on a non-prorated basis for a period of six (6) months for disposable, covered models and three (3) years for reusable models from the date of purchase. Damages arising from abnormal use such as those caused by needle punctures, burns, chemicals, negligent use or improper care or cleaning are excluded from coverage. Manufacturer will pay shipping charges incurred in connection with this warranty during the first year, thereafter, those charges are the facilities' or dealer's sole responsibility.
